

# **Mathematics 2201**

## **Course Description**

### **Level of Instruction: Senior High**

#### **Curriculum Overview**

Mathematics 2201 is the second course in the Academic Program for High School Mathematics in Newfoundland Labrador (It replaces the previous Mathematics 2204 course.) This 2-credit course is a pre-requisite course for Mathematics 3201 (Academic). This program is designed to provide students with the mathematical understandings and critical-thinking skills identified for entry into post-secondary programs. The academic mathematics program is intended to help students make connections between mathematics and its applications and to become numerate adults, using mathematics to contribute to society.
